Voters Meeting

There will be a **special Voters meeting** after the late service next Sunday. Only two items are on the agenda. First of all, we will act upon the proposed Bylaw change that was presented at the December meeting of the Voters Assembly. Item two from the Board of Elders. They would like to get input from the members on a proposal from last Summer's Texas District Convention, encouraging all congregations to consider offering Holy Communion every Sunday. If you would like more information about this before the meeting, please contact one of the Elders.
